MUND Socks was born over 30 years ago in the northern mountains of Spain. We produce high quality socks by using all kinds of yarns and weaves.

Our main goal is to offer high performance products to all athletes that enjoy the mountains as we do. Our factory is located in the village of Pradoluengo, whose textile tradition dates back to the sixteenth century.

Our products combine traditional, generational knowledge with advanced technology and design.

Onalabs is redefining sports performance through sweat-based intelligence. Its patented biosensors, microfluidics, and AI transform sweat into real-time, actionable insights on hydration, sodium loss, and metabolic load. This non-invasive, continuous monitoring empowers athletes to train smarter and safer, while coaches and clubs gain data-driven precision, differentiation, and new revenue opportunities.

With Onalabs, every drop of sweat becomes a competitive advantage.
