INTRODUCTION

MedBlueTech Summit 2025 emerges as the first benchmark forum in Alicante bringing together public administrations, innovative companies, research centers, and international organizations around blue biotechnology and port sustainability, with a focus on Nature-Based Solutions (NbS).

With an international vision, the event aims to establish itself as an annual meeting point for key players in the Mediterranean blue economy.

Alicante 2025
MEDBLUETECH SUMMIT

OBJECTIVES

- Position Alicante as a benchmark in marine innovation and port sustainability.
- Promote public–private collaboration around the blue economy.
- Attract startups and European projects related to marine biotechnology.
- Foster the economic, scientific, and environmental development of the port area.
- Strengthen the international projection of the Valencian Community.

TARGET AUDIENCE

- Innovative companies in the marine, technology, and environmental sectors.
- Startups and entrepreneurs in the blue-tech field.
- Public administrations and port authorities.
- Research centers and universities.
- European funds, investors, and financial institutions.
- Specialized media outlets.
- International organizations related to sustainability and ocean affairs.

13:45 – 15:00 **Lunch & Networking at the exhibition area**

17:00 – 19:00 Visit to Santa Bárbara Castle (optional)

SHOWCASE INNOVATIVE COMPANIES

A dedicated space will be set up in the main hall of Casa Mediterráneo, featuring corners for innovative companies, technology centers, and startups from the Valencian Community.

The goal is to create a dynamic environment that fosters idea exchange, live demos, product presentations, and collaborative synergies.

EXPECTED IMPACT

Economic: Revitalization of the port sector and generation of investment opportunities.

Scientific: Promotion of knowledge transfer and blue innovation.

Environmental: Advancement of sustainable solutions for the marine environment.

International: Consolidation of Alicante as a strategic hub for the blue economy in the Mediterranean.
